Director of Environmental Affairs' Report

Our Club needs help here!

- Request for public nominations for members to the Bureau of Land Management's (BLM) Rio Puerco Management Committee. A completed nomination form and accompanying nomination/recommendation letters must be received by July 8, 2020.

FEDERAL REGISTER

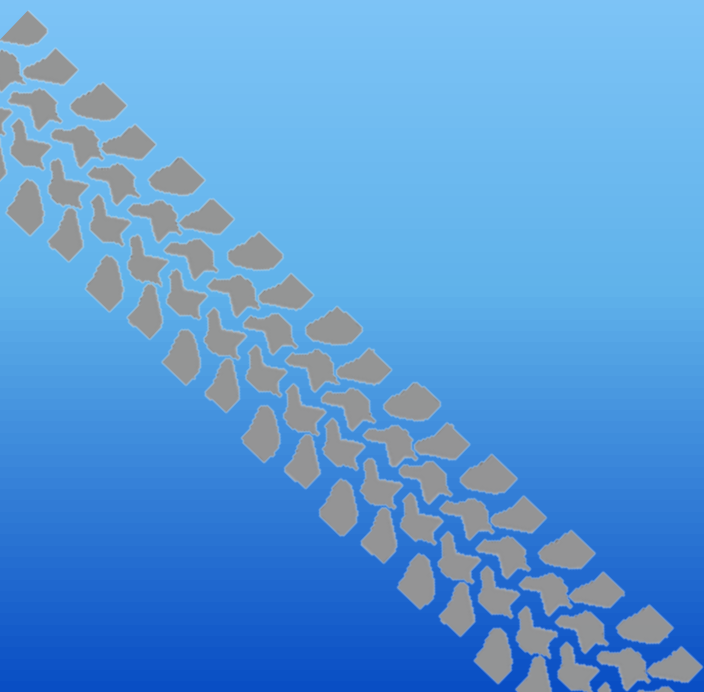

The Daily Journal of the United States Government

- NMOHVA needs support!
 - Newsletter Editor
 - This position will entail producing content for and writing our monthly newsletter as well as posting new and vital information on our website. Typically this is a once a month posting but we do occasionally have critical alerts that need to get out as well during the month. We are always open to guest writers and others' ideas as well so don't be scared to share. It isn't a hard job unless you have chronic brain freeze like some of us. This position will come with some training.
 - Recreational Resources Director
 - This position has historically been a very dedicated and time consuming one that one man has handled for years, needless to say he burned-out but we all own him a huge debt for his years of dedicated service to the cause. It is my hopes that we can spread this load out to a state wide team of District Recreation Resource Representatives that will be focused on their own back yards and allow the Director to be an umbrella position to help organize and prioritize resources and collect information from other reps, as well as work with other state organizations. Ideally this position will need to be someone that has some free time on their hands and looking for a longer-term commitment. This position will come with training and some long term advise has been offered from the previous guru.

- <https://easyoffroading.com/>
 - Blogger is writing an article about NM4W

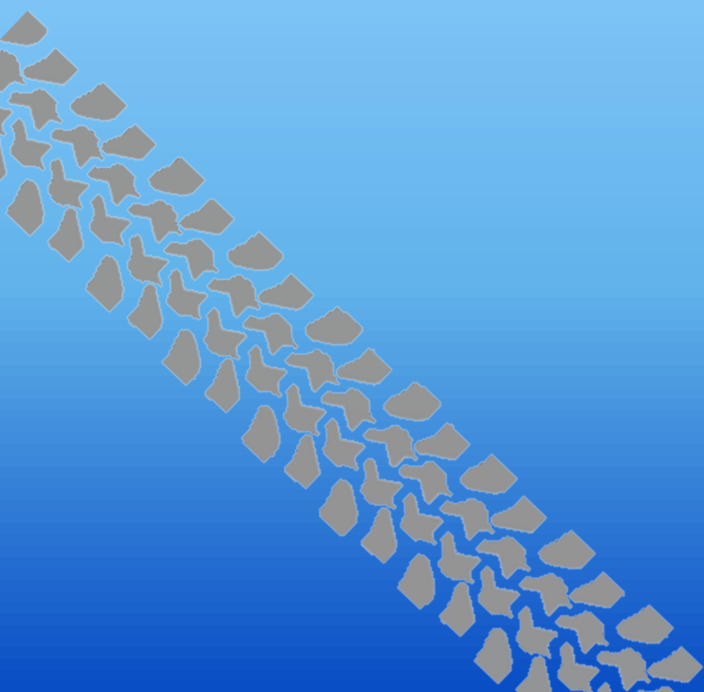

Easy Off Roding online publication's mission is to introduce first time and existing 4WD vehicle owners to the world of Off Roding. Our goal is to provide articles written by your fellow enthusiasts and Off Roding Clubs recounting their firsthand accounts of personal adventures, reviews of parks, maintenance tips, proper off road techniques and equipment suggestions. Easy Off Roding will strive to promote the off roding community and uphold all trail conservation guidelines.
