Director of Environmental Affairs' Report

Program Chairman's Report

Historian's Report

Well the year of 2020 we will all certainly be remembering for many years to come with all the challenges of the year. Our club has been here since 1958 so the club and the people will continue no matter the challenges that come about.

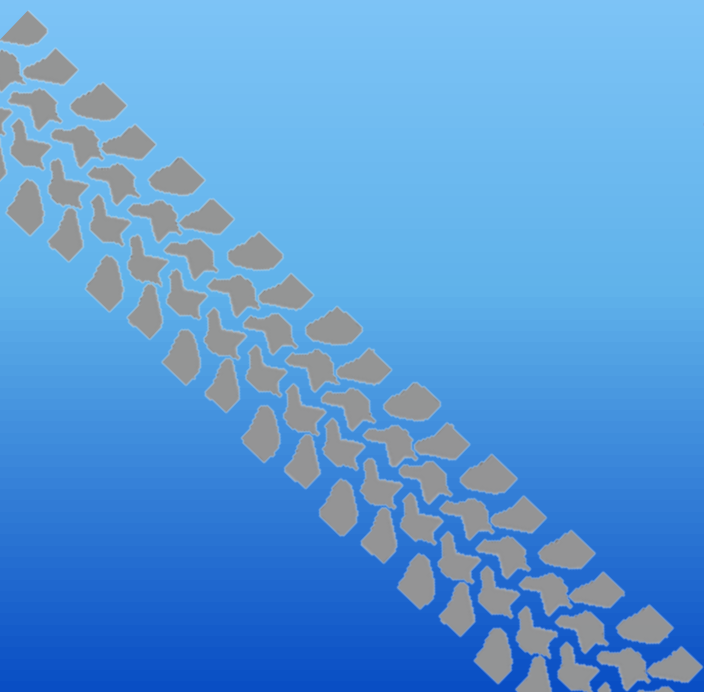

There have still be trail rides but we have not had our club meetings and potlucks this year. I encourage everyone to look back at all the past newsletters to see some of the history of the club.

My challenge for everyone let us make sure we have plenty of pictures and stories for the newsletter that is the history of our club. I know when many people are on their computers all day or doing the Zoom meetings it's hard to take time to write an article but please share all those things that you are doing to upgrade your 4x4's since I am sure everyone is taking time to that in these crazy times.

Webmaster's Report

Newsletter Editor's Report
