## Director of Environmental Affairs' Report

### Colorado OHV Permits

<https://staythetrail.org/full-size-trails/>

## CORE 2020 Year in Review

Do I need one?

Why do I need one?

But I have a street licensed 4x4?

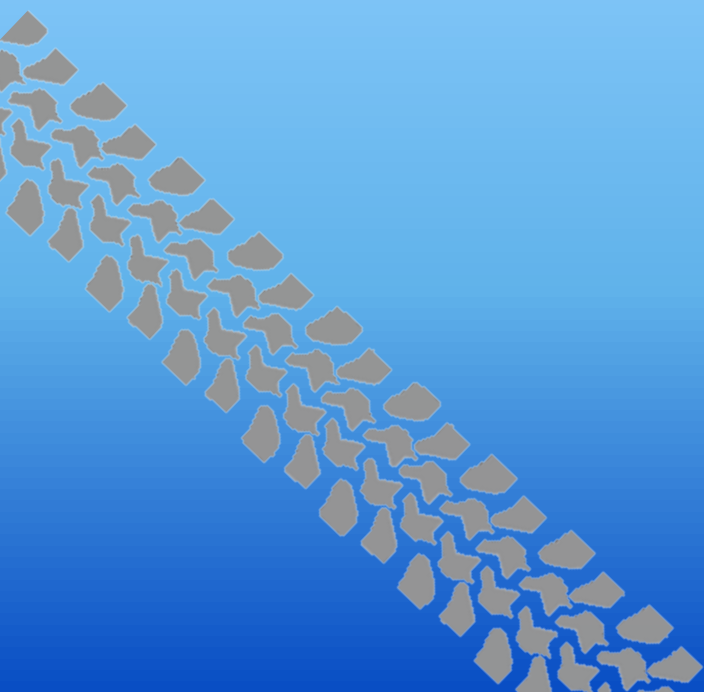

These are all questions we hear quite frequently. Here are the specifics, if you own a full-size street legal 4x4 and you drive a 'full-size motorized trail' in Colorado, you need to have an OHV sticker. Full-Size Motorized Trails are specifically categorized to include street legal and non-legal 4x4 vehicles. Motorized Trails are not part of the Forest Service road system and are not maintained through their road budget. You can find a full list of the current 'Full-Size Motorized Trails'

# Historian's Report

## Webmaster's Report

- The new Vehicle Limit for rides function was added. When a leader designates a max, members can not hit 'Yes' for attendance when a ride is full.
- Now a primary member on a ride can be designated to be riding as a passenger with another member, and so does not count as a vehicle.
