Director of Environmental Affairs' Report

Program Chairman's Report

Historian's Report

As always it is very important to record and share the history of our club and the activities that we do. Please submit those articles and pictures for the monthly newsletter and upload pictures to our website. This is a great way for everyone that may not be able to be on one of these rides or events to share in what the club is doing.

If your still not out much due to the virus I encourage you to go back and look at the old newsletter archives it's a great way to see some history of the club and pictures of the old Jeep and trucks.

Webmaster's Report

- Worked in various visitor areas of site, mainly to make the visitor Gallery display be more inclusive. Also added Gallery Search for visitors (members already had search) so Guests and Applicants can see past photos when considering an upcoming ride.
- Added ability for ride leaders to mark Ex-Members as attending a ride, actually works for meetings or anything.
- When looking at the Calendar, after the title text, the icons for that rides difficulty now appears, **E M H X**. Together with the search function, this helps to answer questions like, "When was the last time we had a Hard ride in Jemez?"

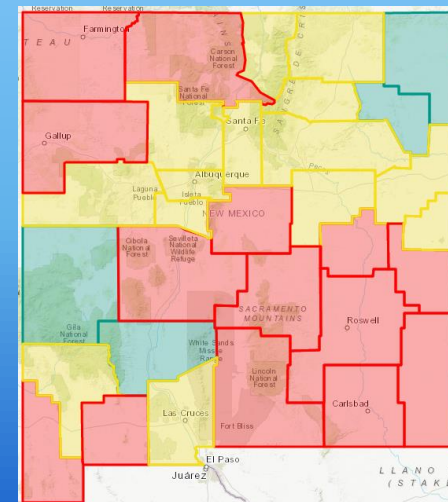

Newsletter Editor's Report
